Reviewer’s report

Title: Canadian in-hospital mortality for patients with emergency-sensitive conditions: a retrospective cohort study

Version: 1 Date: 06 Sep 2019

Reviewer: Romain Jouffroy

Reviewer's report:

Thank you for allowing me to review the revised version of your interesting paper concerning the Canadian in-hospital mortality for patients with emergency-sensitive conditions: a retrospective cohort study.

I thank the authors for their answers point by point to my questions and the clarification added in the revised version of the manuscript. In its current form, it is clearer.

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.

Yes

Does the work include the necessary controls?
If not, please specify which controls are required in your comments to the authors.

Yes

Are the conclusions drawn adequately supported by the data shown?
If not, please explain in your comments to the authors.

Yes

Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.

I am able to assess the statistics

Quality of written English
Please indicate the quality of language in the manuscript:
