Reviewer’s report

Title: Spontaneous bladder rupture due to warfarin overdose: a case report

Version: 0 Date: 17 Sep 2019

Reviewer: Ali Zumrutbas

Reviewer's report:

This case report is well written and contributes to the literature.

My suggestions would be;

1. Abstract is too long and should be shortened.
2. There are grammatical and syntax errors in the case presentation.
3. What is the white substance or foreign body in the bladder on Figure-3? Please explain.

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.

Yes

Does the work include the necessary controls?
If not, please specify which controls are required in your comments to the authors.

Unable to assess

Are the conclusions drawn adequately supported by the data shown?
If not, please explain in your comments to the authors.

Yes

Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.
