Reviewer’s report

Title: Analysis of readmissions to the Emergency Department among patients presenting with abdominal pain

Version: 0 Date: 08 Mar 2020

Reviewer: Alireza Baratloo

Reviewer's report:

Dear Authors

I received your paper as a reviewer. It seems that you emphasize on the importance of readmission of patients with abdominal pain as a risk factor. In terms of methodology and data presentation it seems OK; but when it comes to novelty, it is far from the current hot topics. So the final decision will be made by the EIC considering mentioned pros and cons.

Kind Regard

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.

Yes

Does the work include the necessary controls?
If not, please specify which controls are required in your comments to the authors.

Yes

Are the conclusions drawn adequately supported by the data shown?
If not, please explain in your comments to the authors.

Yes

Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.

I recommend additional statistical review
