Reviewer’s report

Title: A woman’s worth: An access framework for integrating Emergency Medicine with Maternal Health to reduce the burden of maternal mortality in sub-Saharan Africa

Version: 0 Date: 14 Nov 2019

Reviewer: Ahmed Belkouch

Reviewer's report:

Thank you for your efforts to improve maternal health care in Africa. I am from Morocco. The biggest problem that faces African countries is financial. Proposing any organizing program is obsolete when countries like mine has an inefficient EMS because of it coasts.

In France for example, global cost of EMS is equivalent to the budget of my country.

Waiting for the effectiveness of our EMS I recommend highly the publication of you work.

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.

Yes

Does the work include the necessary controls?
If not, please specify which controls are required in your comments to the authors.

Unable to assess

Are the conclusions drawn adequately supported by the data shown?
If not, please explain in your comments to the authors.

Unable to assess

Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.
