Title: Programme Reporting Standards (PRS) for improving the reporting of sexual, reproductive, maternal, newborn, child and adolescent health programmes

Version: 1 Date: 31 May 2017

Reviewer: Theresa Kim

Reviewer's report:

Dear Dr. Beebe,

Thank you for providing me the opportunity to review "Programme Reporting Standards (PRS) for improving the reporting of sexual, reproductive, maternal, newborn, child, and adolescent health programmes," Manuscript BMRM-D-17-00099). This manuscript presents an interesting method to report contextual and implementation issues of SRMNCAH programs.

The authors have revised their manuscript to my complete satisfaction. They have answered all the questions I had raised during my previous review.

I wish for the Editorial Board of BMC Medical Research Methodology to accept this manuscript without revision.

Yours truly,

Theresa Kim, PhD
