Reviewer’s report

Title: A modified Delphi study to identify the features of high quality measurement plans for healthcare improvement projects

Version: 1 Date: 01 Dec 2019

Reviewer: Andrea P Marshall

Reviewer's report:

Thank you for clearly addressing the reviewer comments. I have no further comment to make other than that this paper will make an important contribution to how quality activities are conducted in healthcare.

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.

Yes

Does the work include the necessary controls?
If not, please specify which controls are required in your comments to the authors.

Unable to assess

Are the conclusions drawn adequately supported by the data shown?
If not, please explain in your comments to the authors.

Yes

Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.

I am able to assess the statistics

Quality of written English
Please indicate the quality of language in the manuscript:
