Reviewer’s report

Title:A qualitative exploration of the use of calendar landmarking instruments in cancer symptom research

Version:2 Date:27 September 2014

Reviewer:Una Macleod

Reviewer’s report:

The authors have taken on board previous comments satisfactorily. I would perhaps reduce the strength of the first sentence of the abstract and use the first sentence of the paper instead.

Level of interest:An article of importance in its field

Quality of written English:Acceptable

Statistical review:No, the manuscript does not need to be seen by a statistician.
