Reviewer's report

Title: Self-care behavior when suffering from the common cold and health-related quality of life in individuals attending an annual checkup in Japan: a cross-sectional study

Version:1 Date: 20 May 2015

Reviewer: Natalie Gauld

Reviewer's report:

The improvements throughout the paper have made it more easily understood and with better context.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: Yes, but I do not feel adequately qualified to assess the statistics.

Declaration of competing interests:
