Title: Equitable Resourcing of Primary Health Care in Remote Communities in Australia's Northern Territory: A Pilot Study

Version: 0 Date: 25 Feb 2017

Reviewer: Shlomo Vinker

Reviewer’s report:

The study is very well written and in general there are no comments on the methodology, data analysis and discussion

The manuscript in its' current format have a very limited relevance to readers outside Australia. My recommendation is to made a major revision in the manuscript to make it relevant to international readers of the journal.

You should reduce details on the local situation, find relevant other parts of the world with similar problems, compare the situation in their country to other countries and made some generalizations of their findings and conclusions.
