Reviewer’s report

Title: Feasibility of referral to a therapist for assessment of psychiatric problems in primary care – an interview study

Version: 1 Date: 17 Jul 2019

Reviewer: Reviewer 2

Reviewer's report:

"PEER REVIEWER ASSESSMENTS:

OBJECTIVE - Full research articles: is there a clear objective that addresses one or several testable research questions? (Brief or other article types: is there a clear objective?)

Yes - there is a clear objective

DESIGN - Is the current approach (including controls and analysis protocols) appropriate for the objective?

Yes - the approach is appropriate

EXECUTION - Are the experiments and analyses performed with sufficient technical rigor to allow confidence in the results?

Yes - experiments and analyses were performed appropriately

STATISTICS - Is the use of statistics in the manuscript appropriate?

Yes - appropriate statistical analyses have been used in the study

INTERPRETATION - Is the current interpretation/discussion of the results reasonable and not overstated?

Yes - the author's interpretation is reasonable
OVERALL MANUSCRIPT POTENTIAL - Has the author addressed your concerns sufficiently for you to now recommend the work as a technically sound contribution? If not, can further revisions be made to make the work technically sound?

Yes - current version is technically sound

PEER REVIEWER COMMENTS:

GENERAL COMMENTS: This paper investigated the feasibility of the alternative diagnostic system for depression and anxiety for family physicians in Sweden. The objective of the study seems interesting and the method is scientifically sound. The previous reviewers, particularly reviewer #2, raised important issues, which are all adequately addressed by the authors. This manuscript can be published in its current form."

*Are the methods appropriate and well described?*
*If not, please specify what is required in your comments to the authors.*

Yes

*Does the work include the necessary controls?*
*If not, please specify which controls are required in your comments to the authors.*

Yes

*Are the conclusions drawn adequately supported by the data shown?*
*If not, please explain in your comments to the authors.*

Yes

*Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?*  
*If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.*

I am able to assess the statistics

**Quality of written English**
*Please indicate the quality of language in the manuscript:*

Acceptable
**Declaration of competing interests**

Please complete a declaration of competing interests, considering the following questions:

1. Have you in the past five years received reimbursements, fees, funding, or salary from an organisation that may in any way gain or lose financially from the publication of this manuscript, either now or in the future?

2. Do you hold any stocks or shares in an organisation that may in any way gain or lose financially from the publication of this manuscript, either now or in the future?

3. Do you hold or are you currently applying for any patents relating to the content of the manuscript?

4. Have you received reimbursements, fees, funding, or salary from an organization that holds or has applied for patents relating to the content of the manuscript?

5. Do you have any other financial competing interests?

6. Do you have any non-financial competing interests in relation to this paper?

If you can answer no to all of the above, write 'I declare that I have no competing interests' below. If your reply is yes to any, please give details below.
