Reviewer's report

Title: Sofosbuvir and ribavirin before liver re-transplantation for graft failure due to recurrent hepatitis C: a case report

Version: 2 Date: 30 January 2015

Reviewer: Linda Law

Reviewer's report:

Minor Essential Revisions
1. Line 60 should be referenced
2. Line 128 perspectives should be changed to "outcomes"

Discretionary Revisions
3. In the case presentation, can add a comment whether there was any difficulty with rejection of the first allograft.
4. In case presentation, state clearly total number of weeks that patient was on SOF, instead of referencing table.
5. While patient was on treatment with SOF, were there any liver biopsies performed? Was there any concern for rejection while on treatment that could explain further decompensation of first graft?

Level of interest: An article of importance in its field

Quality of written English: Needs some language corrections before being published

Statistical review: No, the manuscript does not need to be seen by a statistician.
