Reviewer’s report

Title: Decreased PCSK9 expression in human Hepatocellular Carcinoma

Version: 2 Date: 25 November 2014

Reviewer: Rosa Maria M Pascale

Reviewer’s report:

The author must respond to these before a decision on publication can be reached. For example, additional necessary experiments or controls, statistical mistakes

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Not suitable for publication unless extensively edited

Statistical review: Yes, but I do not feel adequately qualified to assess the statistics.

Declaration of competing interests:

No, I have not in the past five years received reimbursements, fees, funding
No, I do not hold or and I am not currently applying for any patents relating to the content of the manuscript
