Reviewer’s report

Title: Pancreatic hamartoma: A case report and literature review.

Version: 0 Date: 11 Sep 2015

Reviewer: Yasunari Kawabata

Reviewer's report:

The paper by Dr Matsushita et al. is a case report about pancreatic hamartoma which is rare pancreatic tumor. They described that case presentation and a review of pancreatic hamartoma.

The following suggestions would improved the manuscript:

#1. In preoperative MRI imaging study, they should describe a connection of tumor and pancreatic duct.

#2. Before surgical resection, did they perform a ERCP examination and ERCP cytology? If they do this examination, they should report.

#3. In discussion, they should consider in terms of pre-operative imaging diagnosis.

Are the methods appropriate and well described?  
If not, please specify what is required in your comments to the authors.

Yes

Does the work include the necessary controls?  
If not, please specify which controls are required in your comments to the authors.

Yes

Are the conclusions drawn adequately supported by the data shown?  
If not, please explain in your comments to the authors.

Yes

Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?  
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.

I am able to assess the statistics
Quality of written English
