Reviewer’s report

Title: Survival benefit of transarterial chemoembolization in patients with metastatic hepatocellular carcinoma: a single center experience

Version: 0 Date: 01 Jun 2017

Reviewer: Giovanni Tarantino

Reviewer’s report:

Being the severity of chronic liver disease the main clue for the survival, Authors should better details the C_P classification, according to recent articles, i.e., What are the implications of the spontaneous spleno-renal shunts in liver cirrhosis?

Blood ammonia levels in liver cirrhosis: a clue for the presence of portosystemic collateral veins.

BMC Gastroenterol. 2009 Mar 17;9:21

What does....Others... in viral etiology stand for?

All in all, I haven't seen many cases of HCC in criptogenetic cirrhosis (Post-NASH). A comment is mandatory taking into account the pandemic of the so-called metobesity.

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.

No

Does the work include the necessary controls?
If not, please specify which controls are required in your comments to the authors.

Yes

Are the conclusions drawn adequately supported by the data shown?
If not, please explain in your comments to the authors.

Yes

Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.
I am able to assess the statistics

**Quality of written English**
Please indicate the quality of language in the manuscript:

Acceptable

**Declaration of competing interests**
Please complete a declaration of competing interests, considering the following questions:

1. Have you in the past five years received reimbursements, fees, funding, or salary from an organisation that may in any way gain or lose financially from the publication of this manuscript, either now or in the future?

2. Do you hold any stocks or shares in an organisation that may in any way gain or lose financially from the publication of this manuscript, either now or in the future?

3. Do you hold or are you currently applying for any patents relating to the content of the manuscript?

4. Have you received reimbursements, fees, funding, or salary from an organization that holds or has applied for patents relating to the content of the manuscript?

5. Do you have any other financial competing interests?

6. Do you have any non-financial competing interests in relation to this paper?

If you can answer no to all of the above, write 'I declare that I have no competing interests' below. If your reply is yes to any, please give details below.
