Reviewer’s report

Title: Clinical value of DPOC for detecting and removing residual common bile duct stones (video)

Version: 1 Date: 22 Jun 2019

Reviewer: Huseyin Alkim

Reviewer's report:

Although their responses to some of my criticisms of the original article are not sufficient, I believe that this study is a laborious and valuable work. It can be published as such.

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.

Yes

Does the work include the necessary controls?
If not, please specify which controls are required in your comments to the authors.

Yes

Are the conclusions drawn adequately supported by the data shown?
If not, please explain in your comments to the authors.

Yes

Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.

I am able to assess the statistics

Quality of written English
Please indicate the quality of language in the manuscript:
