Reviewer’s report

Title: Prediction of perioperative outcome after hepatic resection for pediatric patients

Version: 0 Date: 14 Oct 2019

Reviewer: Rizwan Ahamed

Reviewer's report:

I have read with interest this article on results of hepatic resection in pediatric patients. It provides significant new information in the management of this subset of pediatric patients. However there are a few issues that I would like to raise.

1. You have mentioned that fresh frozen plasma transfusions were provided according to coagulation parameters. Was Thromboelastography done routinely intra or perioperatively for these patients?
2. Regarding intravenous albumin infusion, it was mentioned that infusions were given for patients with low albumin? Was there any specific cut off value decided for these patients? Or was it only given for cirrhotic patients?
3. The manuscript needs much improvement in the use of English language. There are many typos and grammatical errors which need to be corrected.

Are the methods appropriate and well described?
Yes

Does the work include the necessary controls?
Yes

Are the conclusions drawn adequately supported by the data shown?
Yes

Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?
If an additional statistical review is recommended, please specify what aspects require further
assessment in your comments to the editors.

I am able to assess the statistics

**Quality of written English**
Please indicate the quality of language in the manuscript:

Needs some language corrections before being published

**Declaration of competing interests**
Please complete a declaration of competing interests, considering the following questions:

1. Have you in the past five years received reimbursements, fees, funding, or salary from an organisation that may in any way gain or lose financially from the publication of this manuscript, either now or in the future?

2. Do you hold any stocks or shares in an organisation that may in any way gain or lose financially from the publication of this manuscript, either now or in the future?

3. Do you hold or are you currently applying for any patents relating to the content of the manuscript?

4. Have you received reimbursements, fees, funding, or salary from an organization that holds or has applied for patents relating to the content of the manuscript?

5. Do you have any other financial competing interests?

6. Do you have any non-financial competing interests in relation to this paper?

If you can answer no to all of the above, write 'I declare that I have no competing interests' below. If your reply is yes to any, please give details below.

i declare that i have no competing interests
