Reviewer's report

Title: Fecal Impaction: A systematic review of its medical complications.

Version: 2 Date: 22 July 2015

Reviewer: Izi Obokhare

Reviewer's report:

Major Revisions:
(1) Reduce or consolidate the tables showing the outcome of patients with fecal impaction
(2) Include a discussion about the recommended diagnostic method of choice and treatment of fecal impaction.

Minor Revisions.
Figure 3 ought to include the complication of colonic volvulus seen in patients with chronic constipation and fecal impaction.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: Yes, but I do not feel adequately qualified to assess the statistics.
