Reviewer's report

Title: Older adults with lower autobiographical memory abilities report less age-related decline in everyday cognitive function

Version: 2 Date: 26 May 2020

Reviewer's report:

Manuscript ID: BGTC-D-19-00608R2

Manuscript: "Older adults with lower autobiographical memory abilities report less age-related decline in everyday cognitive function"

Authors: Fan, C., Romero, K., & Levine, B.

I thank the authors for taking the time to clarify, both in the response letter and in the manuscript, how they see different memory variables interacting in their paradigm. They have now addressed all of my concerns and questions and I look forward to seeing future research that further explores these individual AM differences.

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.

Yes

Does the work include the necessary controls?
If not, please specify which controls are required in your comments to the authors.

Yes

Are the conclusions drawn adequately supported by the data shown?
If not, please explain in your comments to the authors.

Yes

Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.

I am able to assess the statistics

Quality of written English
Please indicate the quality of language in the manuscript:
