Reviewer’s report

Title: Use of simple clinical and laboratory predictors to differentiate influenza from dengue and other febrile illnesses in the emergency room

Version: 3 Date: 15 September 2014

Reviewer: Katja Fink

Reviewer's report:

minor comment:
for 2009 WHO guidelines: instead of mentioning group A, B and C it would be more reader-friendly to write "dengue without warning signs", "dengue with warning signs" and "severe dengue"

Level of interest: An article of limited interest

Quality of written English: Acceptable

Statistical review: Yes, but I do not feel adequately qualified to assess the statistics.
