Reviewer's report

Title: Viral etiology of community-acquired pneumonia among adolescents and adults with mild or moderate severity and its relation to age and severity

Version: 2 Date: 7 January 2015

Reviewer: Tytti Vuorinen

Reviewer's report:

From my point of view the manuscript is now ready to be published. It has much improved and the text is easy to follow. The authors have responded well to my comments.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: Yes, but I do not feel adequately qualified to assess the statistics.
