Reviewer’s report

Title: Antigen-specific assessment of the immunological status of various groups in a leprosy endemic region

Version: 1 Date: 16 December 2014

Reviewer: Geraldo M B Pereira

Reviewer’s report:

Major compulsory revisions:
1- This version of the paper requires some corrections before acceptance. The spelling must be checked, and some words are missing or need replacement.

Discretionary revisions:
1- The methods description could be more compact.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Needs some language corrections before being published

Statistical review: Yes, but I do not feel adequately qualified to assess the statistics.

Declaration of competing interests:
I declare that I have no competing interests.
