Title: Scabies: an ancient global disease with a need for new therapies

Version: 2 Date: 19 November 2014

Reviewer: Mohamad Goldust

Reviewer's report:

Dear Author,

Thank you for your work and subscription to BMC Infectious Diseases. However, the description needs to be improved markedly, otherwise I think it will be difficult to be accepted.

1. The article is poorly organized.
3. The references are inappropriately used in the text.
2. Too many references that are unnecessary for such a study.

Thank you again, and good luck!
