Reviewer’s report

Title: Hepatitis B Virus Sero-profiles and Genotypes in HIV-1 Infected and Uninfected Injection and Non-Injection Drug Users from Coastal Kenya

Version: 3  Date: 13 June 2015

Reviewer: Sanjay Bhagani

Reviewer’s report:

The authors have addressed the issues raised during the first review by appending the manuscript appropriately. I would have liked to have seen some discussion around the limitations of this study, but nevertheless, they have been raised as limitations in the discussion.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
