Title: An appraisal: how notifiable infectious diseases are reported by Hungarian family physicians

Version: 1 Date: 11 Oct 2017

Reviewer's report:

I reviewed the manuscript. It is getting to be better. Only a question that remains for me is about some coefficients in the tables. They are small but significant! Is it true? Please check your statistical results again. Also I think the tables not stand alone and they need small description below the tables.
