Reviewer's report

Title: Stepwise approach for the control and eventual elimination of Taenia solium as a public health problem

Version: 1 Date: 29 Sep 2018

Reviewer: Ana Flisser

Reviewer's report:

The manuscript is very interesting, very well written and what it proposes is very important. I only suggest to change the design of figure 1 because presently it is not easy to read due to the color, letter size, etc. There is no need to transfer this manuscript to another publication.
