Reviewer’s report

Title: What is the role of Ewingella americana in humans? A case report in a healthy 4-year-old girl

Version: 0 Date: 22 Jan 2019

Reviewer: Nasrollah Sohrabi

Reviewer's report:

1- Please add more details of microbiological and molecular methods such as used primer sequence and antibiotic susceptibility test.

2- The most of references are old. Please use newer references.

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.

Yes

Does the work include the necessary controls?
If not, please specify which controls are required in your comments to the authors.

Yes

Are the conclusions drawn adequately supported by the data shown?
If not, please explain in your comments to the authors.

Yes

Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.

Not relevant to this manuscript
