Reviewer’s report

Title: Prevalence and Antifungal Susceptibility of Candida albicans Causing Vulvovaginitis Among Pregnant Women in Lebanon

Version: 1 Date: 25 Nov 2019

Reviewer: Terezinha Svidzinski

Reviewer's report:

The authors answered most of the suggestions; however, there are still some spelling errors that need to be reviewed. For instance: C. kreusi (Page 7, line 14 and page 10 line 22) Candida continues being written without italics in many places, please check it. The word "species" (page 7, line 8) was written in italic. The correct expression is Non-C. albicans Candida (NCAC), please correct it in abstract (page 2, line 19). Page 10, line 7 (invasive, not Invasive) The tables are not in correct format and need to be revised before to be accepted for publication Please, read carefully the entire manuscript, correcting other possible errors.

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.

Yes

Does the work include the necessary controls?
If not, please specify which controls are required in your comments to the authors.

Unable to assess

Are the conclusions drawn adequately supported by the data shown?
If not, please explain in your comments to the authors.

Yes

Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.

Not relevant to this manuscript
