Reviewer’s report

Title: Inter and intra-reliability of ultrasonography for the measurement of abdominal subcutaneous & visceral adipose tissue thickness at the 12 weeks gestation

Version: 1 Date: 16 Sep 2019

Reviewer: Giacomo Filonzi

Reviewer's report:

I am satisfied by the changes made in the text and by the exhaustive answers of the authors, whom I thank.

I have only two minor request, if possible:

- "Bazzocchi, Filonzi" should be changed in "Bazzocchi et al."

- I would insert the term "pre-peritoneal fat" also in figure 2, maybe in brackets: VAT Visceral Adipose Tissue (Pre-Peritoneal Fat).

Thank you.

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.

Yes

Does the work include the necessary controls?
If not, please specify which controls are required in your comments to the authors.

Yes

Are the conclusions drawn adequately supported by the data shown?
If not, please explain in your comments to the authors.

Yes
Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.

I am able to assess the statistics

Quality of written English
