Reviewer's report

Title: Independent and combined effects of environmental factors and CYP2C19 polymorphisms on the risk of esophageal squamous cell carcinoma in a Chinese population

Version: 1 Date: 6 December 2014

Reviewer: Qi Zeng

Reviewer's report:

Minor Essential Revisions.

Please see the attachment for the details.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Needs some language corrections before being published

Statistical review: Yes, but I do not feel adequately qualified to assess the statistics.

Declaration of competing interests:

I declare that I have no competing interests.
