Reviewer's report:

Please include all comments for the authors in this box rather than uploading your report as an attachment. Please only upload as attachments annotated versions of manuscripts, graphs, supporting materials or other aspects of your report which cannot be included in a text format. Please overwrite this text when adding your comments to the authors.

The authors must state the basis of selection of the single SNP from BAFF gene and sicuss their results in accordance.

The tables' headers have been misarranged in many cases. Please reframe.

The risk genotype(s) must be explicitly stated (in the tables and in text) and if there is an association of the genotype only and not allele, the reason clarified.
