Reviewer's report

Title: Assessment of Worldwide Acute Kidney Injury, Renal Angina and Epidemiology in Critically Ill Children (AWARE): study protocol for a prospective observational study

Version: 2 Date: 27 December 2014

Reviewer: Shigehiko Uchino

Reviewer's report:

This is a study protocol for a multinational multicenter observational study for AKI in the PICU. The study is well designed and manuscript well written. I have no major comments to make on this manuscript.

Minor Essential Revisions
Exclusion criteria: It is no clear how to calculate eGFR. It should be mentioned in the manuscript.

Level of interest: An article of importance in its field

Quality of written English: Needs some language corrections before being published

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
I declare that I have no competing interests.
