Reviewer’s report

Title: Intractable ascites associated with mycophenolate in a simultaneous kidney-pancreas transplant patient: a case report

Version: 0 Date: 07 Jul 2017

Reviewer: Jeremy Levy

Reviewer's report:

Excellent and interesting case report of a very rare complication from MMF: well described. Patient had re-challenge with likely recrudescence of problems although not proven. Excellent patient input.

No changes needed

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.

Yes

Does the work include the necessary controls?
If not, please specify which controls are required in your comments to the authors.

Yes

Are the conclusions drawn adequately supported by the data shown?
If not, please explain in your comments to the authors.

Yes

Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.
