Reviewer’s report

Title: Simple Citrate anticoagulation protocol for Low Flux haemodialysis

Version: 1 Date: 01 Jul 2017

Reviewer: Jadranka Buturovic-Ponikvar

Reviewer's report:

Line 41: pre-filter iCa level may be upstream or downstream from citrate infusion. For Ca supplementation pre-filter iCa level upstream from citrate infusion is necessary, as it reflects systemic ionized calcium level. Please clarify that in the text (it is correctly presented in the Figure). Clear sampling points during RCA are very important for interpreting iCa level in the circuit and in the patient, and may be source of errors in clinical practice.

Line 40: trisodium citrate 13%, in the Table (line 47): trisodium citrate 15% - please correct

Are the methods appropriate and well described?  
If not, please specify what is required in your comments to the authors.

Yes

Does the work include the necessary controls?  
If not, please specify which controls are required in your comments to the authors.

Yes

Are the conclusions drawn adequately supported by the data shown?  
If not, please explain in your comments to the authors.

Yes

Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?  
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.

I am able to assess the statistics

Quality of written English  
Please indicate the quality of language in the manuscript:

Needs some language corrections before being published
Declaration of competing interests
Please complete a declaration of competing interests, considering the following questions:

1. Have you in the past five years received reimbursements, fees, funding, or salary from an organisation that may in any way gain or lose financially from the publication of this manuscript, either now or in the future?

2. Do you hold any stocks or shares in an organisation that may in any way gain or lose financially from the publication of this manuscript, either now or in the future?

3. Do you hold or are you currently applying for any patents relating to the content of the manuscript?

4. Have you received reimbursements, fees, funding, or salary from an organization that holds or has applied for patents relating to the content of the manuscript?

5. Do you have any other financial competing interests?

6. Do you have any non-financial competing interests in relation to this paper?

If you can answer no to all of the above, write 'I declare that I have no competing interests' below. If your reply is yes to any, please give details below.

I declare that I have no competing interests.
