Reviewer’s report

Title: Effect of Calcitriol on Serum Hepcidin in Individuals with Chronic Kidney Disease: a randomized controlled trial.

Version: 0 Date: 07 Aug 2017

Reviewer: Deep Sharma

Reviewer’s report:

1. Were Vit D levels checked during the study. If not please mention why. If hey were, then please report them as interpretation of calcitriol use is important based on baseline Vit D levels.

2. In fig 2, it is mentioned that 24 hr urine was collected at baseline. Its results are not mentioned any where in the text. Please indicate what was measured in the 24 hr urine and include that result in Table 1.

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.

Yes

Does the work include the necessary controls?
If not, please specify which controls are required in your comments to the authors.

Yes

Are the conclusions drawn adequately supported by the data shown?
If not, please explain in your comments to the authors.

Yes

Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.

I am able to assess the statistics

Quality of written English
Please indicate the quality of language in the manuscript:
