Reviewer’s report

Title: Value-based evaluation of dialysis versus conservative care in older patients with advanced chronic kidney disease: a cohort study

Version: 0 Date: 05 Jul 2018

Reviewer: Luca Di Lullo

Reviewer’s report:

Dear Authors,

I have read with interest your paper and I think that it's a very good paper showing the importance of conservative care in older patients.

I will only suggest to provide some clinical infos such as those regarding nutritional assets of both populations (pre albumin, lipid assess and so on); at the same time it could be interesting to know inflammatory pattern screened populations.

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.

Yes

Does the work include the necessary controls?
If not, please specify which controls are required in your comments to the authors.

Yes

Are the conclusions drawn adequately supported by the data shown?
If not, please explain in your comments to the authors.

Yes

Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.

I am able to assess the statistics
