Reviewer’s report

Title: Rapid decline of renal function in patients with type 2 diabetes with heavy proteinuria : A Report of Three Cases

Version: 2 Date: 18 Nov 2018

Reviewer: Paul Epstein

Reviewer's report:

The manuscript provides a warning that may be useful to clinicians: Occasional T2D patients with nephrotic levels of urine protein may suffer from a sudden decline in renal function.

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.

Unable to assess

Does the work include the necessary controls?
If not, please specify which controls are required in your comments to the authors.

No

Are the conclusions drawn adequately supported by the data shown?
If not, please explain in your comments to the authors.

No

Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.
