Version: 0 Date: 02 Nov 2018

Reviewer's report:

Dear Sir

I have some comments for authors:

-Authors did not mention parity of such lady and how many children she had? And was she counselled for being pregnant after transplantation or not.

-what was the indication of repeated CS in such case and if there was any complications after previous CS?

-What about the details of her antenatal care especially follow up abdominal US to evaluate the kidney graft?

Minor English mistakes will need some careful revision.
