Reviewer's report

**Title:** Mononeuritis multiplex as the first presentation of refractory sarcoidosis responsive to etanercept

**Version:** 2  
**Date:** 9 October 2014  
**Reviewer:** Ester Coutinho

**Reviewer's report:**

The authors described carefully an interesting case of neurosarcoidosis refractory to conventional therapies that responded well to etanercept. The paper can be accepted in the current form, although a more detailed description of the clinical outcome would be relevant.

**Level of interest:** An article whose findings are important to those with closely related research interests

**Quality of written English:** Acceptable

**Statistical review:** No, the manuscript does not need to be seen by a statistician.

**Declaration of competing interests:**

I declare that I have no competing interests
