Reviewer’s report

Title: Role of t-PA and PAI-1 Variants in Temporal Lobe Epilepsy in Chinese Han Population

Version: 1 Date: 17 Sep 2018

Reviewer: Reviewer 2

Reviewer's report:

"REVISION ASSESSMENT FROM THE ACADEMIC PEER REVIEWER:

Has the author addressed your concerns sufficiently for you to now recommend the work as a technically sound contribution? Yes

Reviewer comments: The authors have addressed my concerns. However, there are a couple of awkward transitions between the original text (written in black) and the new text (written in red). I suggest another read through the manuscript to correct these awkward transitions. "

Are the methods appropriate and well described?  
If not, please specify what is required in your comments to the authors.

Yes

Does the work include the necessary controls?  
If not, please specify which controls are required in your comments to the authors.

Yes

Are the conclusions drawn adequately supported by the data shown?  
If not, please explain in your comments to the authors.

Yes

Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?  
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.
