Reviewer’s report

Title: Early risk assessment of circulating endothelial progenitor cells and plasma stromal cell-derived factor-1 for nondisabling ischemic cerebrovascular events

Version: 0 Date: 27 Nov 2018

Reviewer: Zhenhua Zhou

Reviewer's report:

Comments to the Author

Summary: In this study, authors aimed to reveal the association of peripheral blood EPCs and serum SDF-1 concentration with Non-Disabling Ischemic Cerebrovascular Events (NICE). However, the poor presented English almost destroyed the meaning of this research study. The manuscript needs English editing throughout. Many grammatical mistakes occurred in whole manuscript. The symbol such as "comma" in this manuscript was using Chinese input. No page number.

Materials and Methods

Overall comment: This section was worst presented. Please rewrite this section.

Results:

Overall comment: This section was poor presented.

Discussion:

Overall comment: This section was poor presented.
Are the methods appropriate and well described?  
If not, please specify what is required in your comments to the authors.

Yes

Does the work include the necessary controls?  
If not, please specify which controls are required in your comments to the authors.

Yes

Are the conclusions drawn adequately supported by the data shown?  
If not, please explain in your comments to the authors.

Yes

Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?  
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.

I am able to assess the statistics

Quality of written English  
Please indicate the quality of language in the manuscript:

Not suitable for publication unless extensively edited

Declaration of competing interests  
Please complete a declaration of competing interests, considering the following questions:

1. Have you in the past five years received reimbursements, fees, funding, or salary from an organisation that may in any way gain or lose financially from the publication of this manuscript, either now or in the future?

2. Do you hold any stocks or shares in an organisation that may in any way gain or lose financially from the publication of this manuscript, either now or in the future?

3. Do you hold or are you currently applying for any patents relating to the content of the manuscript?

4. Have you received reimbursements, fees, funding, or salary from an organization that holds or has applied for patents relating to the content of the manuscript?

5. Do you have any other financial competing interests?

6. Do you have any non-financial competing interests in relation to this paper?
If you can answer no to all of the above, write 'I declare that I have no competing interests' below. If your reply is yes to any, please give details below.

I declare that I have no competing interests.
