Reviewer’s report

Title: Primary central nervous system small lymphocytic lymphoma in the bilateral ventricles: two case reports

Version: 1 Date: 23 Jun 2019

Reviewer: Mingyang Li

Reviewer's report:

Major issue:

1. The language of the manuscript is far from formal article and needs to be improved.
2. There are some undiscussed results and irrevalent outcomes and the clinical prospect of these two cases is not well discussed in the whole essay.

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.

Yes

Does the work include the necessary controls?
If not, please specify which controls are required in your comments to the authors.

Yes

Are the conclusions drawn adequately supported by the data shown?
If not, please explain in your comments to the authors.

Yes

Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.
