Reviewer’s report

Title: Prevalence of and Characteristics Associated with In-Hospital Mortality in a Ugandan Neurology Ward

Version: 1 Date: 18 Nov 2019

Reviewer: Shuichiro Neshige

Reviewer's report:

The manuscript has been much improved. It is publishable with minor revisions as followings:

Limitations relevant to Comment 2 and 3 should be stated in the Discussion as the authors already explained in the reply letter.

Explanations relevant to the Comment 4 (issue of occupation or socioeconomics) as the authors stated in the reply letter need to be described to discuss the importance of the results (association between occupation and clinical outcome).

Are the methods appropriate and well described?  
If not, please specify what is required in your comments to the authors.

Yes

Does the work include the necessary controls?  
If not, please specify which controls are required in your comments to the authors.

Unable to assess

Are the conclusions drawn adequately supported by the data shown?  
If not, please explain in your comments to the authors.

Yes

Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?  
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.

Not relevant to this manuscript

Quality of written English

Please indicate the quality of language in the manuscript:
