**Title:** Team training in obstetric and neonatal emergencies using highly realistic simulation in Mexico: Impact on process indicators in a cluster randomized trial

**Version:** 2  **Date:** 22 April 2014

**Reviewer:** Jenny Vieveen

**Reviewer's report:**

I have no revisions for the authors
Though I have a question, how can we get more health workers involved in the simulation team training? Do you think its possible to train them once a year, every year? Like a refresher course?

**Level of interest:** An article of importance in its field

**Quality of written English:** Acceptable

**Statistical review:** Yes, but I do not feel adequately qualified to assess the statistics.
