Reviewer's report

Title: Transforming maternal and newborn health social norms and practices to increase utilization of health services in rural Bangladesh: A qualitative review

Version: 6 Date: 7 March 2015

Reviewer: Abbey Byrne

Reviewer's report:

The authors have accommodated all suggested major compulsory and minor essential revisions and I find the manuscript much improved, with no further essential revisions required.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

I declare that I have no competing interests.
