Reviewer's report

Title: Psychological, Cultural and Neuroendocrine Profiles of Risk for Preterm Birth

Version: 3 Date: 9 July 2015

Reviewer: Carmen Giurgescu

Reviewer's report:

Thank you for the opportunity to review this manuscript. The topic is important for OB providers. The authors were responsive to the prior comments. I recommend adding the type of tube used for blood samples (e.g. EDTA).

Level of interest: An article of outstanding merit and interest in its field

Quality of written English: Acceptable

Statistical review: Yes, and I have assessed the statistics in my report.

Declaration of competing interests:
