Reviewer’s report

Title: Quality of Prenatal Care Questionnaire: psychometric testing in an Australia population

Version: 2 Date: 21 July 2015

Reviewer: Anick Berard

Reviewer’s report:

We are satisfied with all author’s answers to our comments. The authors have answered our points sufficiently well to allow the manuscript to be published in the BMC Pregnancy and Childbirth journal.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

We do not have any competing interest to declare in relation to this paper.
