Title: Predictors of breastfeeding initiation in Hong Kong and Mainland China born mothers

Version: 4 Date: 11 May 2015

Reviewer: Yiong Huak Chan

Reviewer's report:

1. kindly define what is 'Breastfeeding initiation'?

2. The findings are 'obvious', recommend that a structural equation model (SEM) be performed to account for unexplained 'reasons' - for eg the recently milk-podwer scare in Hong Kong & China was not discussed.
