Reviewer’s report

Title: "It is my mother who makes the decision on what the baby should eat". A prospective cohort study to explore autonomy and infant feeding decision-making among teenage mothers in a rural and urban setting in KwaZulu-Natal, South Africa.

Version: 0 Date: 16 Nov 2017

Reviewer: Helen L. Ball

Reviewer's report:

I am pleased to read this interesting research and recommend that it be published following minor revisions. I spotted only a few typographic errors that need to be amended. Otherwise the work is a nice presentation of a qualitative descriptive study examining the influences on teen mothers regarding infant feeding decisions.

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.

Yes

Does the work include the necessary controls?
If not, please specify which controls are required in your comments to the authors.

Yes

Are the conclusions drawn adequately supported by the data shown?
If not, please explain in your comments to the authors.

Yes

Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.
