Title: Barriers to and strategies for addressing the availability, accessibility, acceptability and quality of the sexual, reproductive, maternal, newborn and adolescent health workforce: Addressing the post-2015 agenda

Version: 0 Date: 16 Nov 2016

Reviewer: Jenny Gamble

Reviewer's report:

This is a carefully crafted paper. Its main strength is the breadth of countries conducting workshops even though not all low to middle income countries (n=73) participated. As identified by the authors, this study brings further attention to "well-known and persistent bottlenecks of health systems in these settings".

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.
