Reviewer’s report

Title: A Rare Case of Spontaneous Hepatic Rupture in a Pregnant Woman

Version: 2 Date: 30 Nov 2017

Reviewer: Kedra Wallace

Reviewer's report:

- I recommend that the authors combine some sentences within this case report so that the overall report reads with more fluidity. For example lines 3-4 on page 4.

- It is stated that during the recovery her mental status was normal, was it ever abnormal? If so this needs to be mentioned prior to the previous statement.

- Please remove the review of the literature from the title as the literature is not reviewed extensively in this report to warrant this extra denotation.

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.

Yes

Does the work include the necessary controls?
If not, please specify which controls are required in your comments to the authors.

Yes

Are the conclusions drawn adequately supported by the data shown?
If not, please explain in your comments to the authors.

Yes

Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.
